

December 1867 Gower Point: This small note is not part of the township minutes but is written on the inside back cover of the minute book. It shows an instance in the life of a Pound Keeper and the lengths used to have a cow reunited with her owner.

Strayed on the premises of John Ward a Small Red Cow, with
a white streak on her back, white spots on her legs, and white tail,
said Cow being now in Pound from the 17th List.
