Mr R. W. Callison
Sir

I am desirous of purchasing
Lot number 20 in the 6th section of this Township
a Clay Reserve. The Land is of an inferior quality
there being but about 25 or 30 acres of suitable
land for agricultural purposes. The remainder being
principally Swamp & water. The main objection to
purchase this Lot is that it lies between other Lots
which I possess and had made some improvements
thereon previous to its being here reserved.

If the Clay Reserves are open to sale I will
thank you to inform me if I can have this Lot
and upon what terms.

And You will very much Oblige
Me Sir

Wm. Mott O'Hara
Wilmington
